

MULTI-USE TEST FOR EFFECTIVE SCHOOL PLANNING

CREATED FOR SCHOOL MIDDLE YEARS

2018 GAT

General Achievement Test

When planning across a cohort or assessing new students, educators require a comprehensive way to see where each child is placed. GAT does just this.

UNSW Global's GAT gives educators the confidence and convenience they need to ensure students are well placed for a happy and successful school year.

GAT is designed for students in the middle years of schooling (Australian and international schools: Years 5 to 8; New Zealand and Pacific Region schools: Years 6 to 9).

HOW CAN GAT BENEFIT YOUR SCHOOL?

GAT can be used in a variety of situations for planning within your school. For example:

- to determine class composition within a cohort
- to assess a group of prospective students applying to enter your school
- to assess skills at the beginning of the year.

GAT is comprehensive and robust. We know how much time can be wasted when students' skills aren't assessed accurately.

GAT discriminates between students which enables educators to clearly identify where each student sits within a cohort.

GAT provides an independent objective assessment that can supplement school reports.

We know time is a rare and precious commodity in a school's year, which is why GAT is flexible and convenient. Your school can administer GAT at any time, and you can choose to break the test up into three separate parts.

We have been providing GAT to schools internationally for over 10 years, and we are renowned for our engaging test questions and our expert markers.

GAT SUBJECTS

GAT accurately and objectively assesses proficiency in Mathematics, Reading and Language, and Writing.

RESULTS

GAT result reports are provided in electronic format and they are designed for maximum efficiency - they are easy to read and easy to use.

The school reports show how each student performed on each question and subject area, and give a description of the skills and knowledge being tested. Schools also receive a spreadsheet showing all students' raw scores and their ranking within the **school** cohort as well as individual reports for each student.

You will have your school and student reports emailed to you within **10 working days** of your answer booklets being received.

GAT TEST DETAILS

GAT is designed to fit within your school's schedule. It can be undertaken as a single 2-hour assessment or as a three-part assessment sat separately over one or more days. When sitting GAT as a single 2-hour assessment, two breaks of five minutes each are scheduled between the three sections.

MATHEMATICS		READING & LANGUAGE		WRITING	
Multiple choice questions	40	Multiple choice questions	40	Writing task	1
Test duration (minutes)	40	Test duration (minutes)	40	Test duration (minutes)	30
Total Marks 40		Total Marks 40		Total Marks 20	

The Writing task is a criterion-referenced assessment that is handmarked by experienced markers.
