- **Number & Arithmetic**: Your performance in this area is significantly below average. This may indicate an area of weakness for you.
- **Chance & Data**: You performed above average in this area. This result may indicate an area of strength for you.

This section tracks Jody's performances on the assessment in previous years. This allows for the measurement of Jody's progress over time, relative to the other students in Jody's year.

This graph compares Jody's performance on this year's assessment to the performance of the other Year 6 students.

- **Year 6**: Jody has shown significant progression since Year 4. When she was in Year 4, she was in the bottom 10% of participating students. In Year 5, she improved moderately but was still well below average. In Year 6, she has shown significant improvement and is now only slightly below the average.
